Technical Data Sheet (TDS) for Ribbed Tamper Evident Collars

Manufacturer: Kadrovik d.o.o.

Address: Cankarjev drevored 46, Izola, Slovenia

Contact Information: +38640194124

- 1. Product Description:** The Ribbed Tamper Evident Collars supplied by Kadrovik d.o.o. are high-quality plastic collars designed to provide secure and tamper-proof sealing for pharmaceutical and other liquid containers. These collars feature a ribbed design for enhanced grip and convenience during application and removal.
- 2. Features and Benefits:**
 - **Tamper-Proof Design:** The Ribbed Tamper Evident Collars are engineered with tamper-evident features to indicate if the container has been opened or tampered with, providing an additional layer of product security.
 - **Ribbed Grip:** The ribbed design enhances the ease of application and removal, making it user-friendly for both consumers and professionals.
 - **Compatibility:** The collars are designed to fit a wide range of bottle neck sizes, ensuring compatibility with various container types and applications.
 - **Material Options:** The collars are available in various plastic materials, offering flexibility in meeting specific application requirements.
 - **Customizable:** The Ribbed Tamper Evident Collars can be customized with different colors and designs to suit branding or labeling needs.
- 3. Technical Specifications:**
 - **Material Options:** Polypropylene (PP)
 - **Collar Dimensions:** see drawing
 - **Neck Size Compatibility:** 18mm
 - **Ribbed Design:** see drawing
- 4. Application and Use:** The Ribbed Tamper Evident Collars supplied by Kadrovik d.o.o. are suitable for various applications, including but not limited to:

- **Pharmaceutical Packaging:** For sealing liquid pharmaceutical containers, ensuring product integrity and safety.
- **Food and Beverage Packaging:** For tamper-proof sealing of food and beverage containers to maintain product freshness and quality.
- **Chemical and Industrial Containers:** For secure sealing of containers holding chemicals, detergents, and other liquid products.

5. **Applicable Standards and Regulations:**

- **ISO 9001:** Quality Management System standard that ensures consistency and continuous improvement in the production and supply of the collars.
- **ISO 8317:** Child-resistant packaging standard that may be applicable to child-resistant versions of the collars used for certain products.
- **EU Regulation (EC) No 10/2011:** European regulation that sets specific migration limits for plastic materials in contact with food.
- **EU Regulation (EC) No 1935/2004:** European regulation that addresses materials and articles intended to come into contact with food.

6. **Storage and Handling:**

- Store the Ribbed Tamper Evident Collars in a clean and dry environment to prevent contamination.
- Handle the collars with care to avoid any damage that may compromise their tamper-evident features.

7. **Disclaimer:** The information provided in this Technical Data Sheet is based on current knowledge and data available at the time of publication. Kadrovik d.o.o. reserves the right to update and modify the specifications and design of the product without prior notice.
